

why support life centers?

Helping the thousands of women in unexpected pregnancy situations each year is a special way of sharing Christ's compassion, love, and hope. Life Centers affirms the value of life in this way by providing a network of care that includes peer counseling, healing support, and resources that explain the truth about life.

Shrhonda's Story

"I was going through a tough time, and I was considering abortion. I was lost, I was homeless, and I was living out of my car during the Wintertime," Shrhonda says.

Shrhonda visited Life Centers, where a peer counselor educated her on all the options.

"I remember [the peer counselor] said, 'Well, what if there was a cure for cancer, and your son had the answer for that?' And I said, 'Oh, he would be like a little life-saver! I'm going to have him, because there could be a lot of things that could come out of this. He could help save someone else,'" Shrhonda says.

Shrhonda then had an ultrasound where she was able to see her child and hear the heartbeat.

"The ultrasound technician told me, 'You know, God knows us, before we were in the womb. He knows your son,'" Shrhonda recalls. "And I decided to keep him."

After that day, staff and volunteers mailed Shrhonda letters and cards regularly.

"They really supported me," Shrhonda says.

Since choosing life for her son, Noah, Shrhonda has earned her associate degree in ministry and co-owns a growing daycare business.

"I know the Lord has a way for Noah, and I'm trusting he will hear it," Shrhonda says. "That one decision to keep my son changed my life forever. And I'm thankful for that."
