A LIFELINE TO THE LIFE CENTERS MINISTRY

"...thank you for your sacrificial, courageous, and tender mother's love that holds the power to transform lives."

A Mother's Love

Dear Volunteers,

With Mother's Day approaching, I think of each one of you who serves our clients with a mother's love.

Whether it is interacting in a peer counseling room or over the phone, you listen, you encourage, you nurture, you guide, and you offer the hope of God's Word to many young ladies who do not have any other positive influences in their lives.

Recently our clients have said that our volunteers are to them "like a second mom" and "like family" who "show more than enough love."

This is the foundation of all that we do at Life Centers: a commitment to care for strangers with a mother's love,

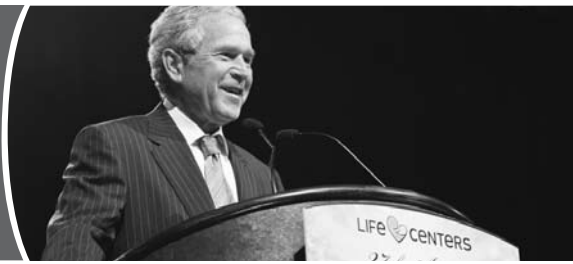

modeled after God's love. Because of servants like you, who prepare each of our centers with prayer covering, with the resources to meet material needs, with clean rooms and orderly procedures, our centers can offer peace, joy and the fruits of the spirit to a hurting world.

So this Mother's Day, I thank you for your sacrificial, courageous, and tender mother's love that holds the power to transform lives. We are grateful for your partnership in reaching women in unplanned pregnancies with the message of the Gospel, resulting in saved souls and saved lives to the glory of God.

Because every life matters,

Brian Boone
President/CEO

An Uplifting Celebration

THANK YOU for “lifting up” Life Centers in prayer throughout this 27th Annual Celebration of Life on April 15, where several thousand - along with President Bush, who named Jesus Christ as his hero and the Almighty as his strength - gathered to lift up the Lord Jesus Christ and this life-saving mission.

It was an honor to host President Bush, who took us on a “verbal tour” of the Oval Office and exhorted us to continue showing love through our mission.

President Bush said that despite the pressures of the office, “Every day was joyous, and I believe it was because of the prayer of fellow citizens.”

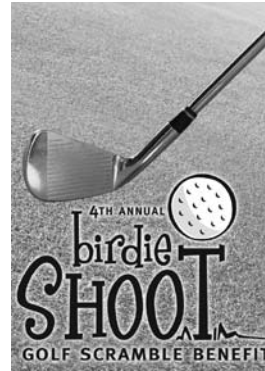

It was a privilege to lift up President Bush in prayer, thanking the Lord for his stance for life and asking a blessing of joy and awareness of his Creator, as he continues to serve others on the journey forward.

We thank Sandi Patty for sharing her story and personal appreciation for the Life Centers ministry. We thank 2009 Miss America Katie Stam, Congressman Mike Pence, Dr. James Dobson, Indianapolis Colts coaches Jim Caldwell and Clyde Christensen, the Heritage Christian High School Colla Voce Choir, and all those involved in producing this special evening. We thank God for all of the pastors, sponsors, and supporters in attendance.

If you attended, we'd like to know your feedback through our survey at www.lifecenters.com/events. You can view some photos of the event there also.

Thank you for your continued partnership in prayer, service and giving. May we continue to “lift up” our best and offer all we have to the Lord who creates and saves lives...for His glory.
